2026 16-17

ALL IN

ALL IN

A Glimpse Into the Experience

Conference Highlights Across Our 4 Stages

Our DNA

ALL IN CELEBRATES
CANADA'S BEST AI
SUCCESSES.

We are bringing together an
ecosystem of forward-thinkers
who are **building & leveraging AI**
to **transform our industries and**
society for the better.

A large, stylized graphic of the letters 'AI' in a bold, blue, sans-serif font. The letters are set against a dark blue background that has a subtle gradient. The 'A' is on the left and the 'I' is on the right, both rendered in a consistent blue color.

Key Tracks of the ALL IN 2026 Programming

01

AI & Society

How AI is reshaping productivity, work, power, and trust as well as what this means for businesses, institutions, and the social contract.

02

Applied AI & Enterprise Transformation

How organizations deploy applied AI at scale to move from experimentation to impact, transforming operations, decision-making, and competitive advantage.

03

AI at the Frontier

Advances at the frontier of AI research (new capabilities, limits, and breakthroughs) and what they imply for long-term strategy, risk, and opportunity.

04

AI, Data & Infrastructure

The data, compute, energy, and emerging infrastructure that determine who can build, deploy, and scale sovereign AI systems effectively.

05

Physical AI & Robotics

How AI is entering the physical world through robotics and autonomous systems, transforming productivity, safety, and operations across the real economy.

We look forward
to welcoming
you in Montreal!
